CAREER OBJECTIVE

Diligent engineering student eager to commence my professional journey. Fueled by genuine curiosity, I am excited to face real-world challenges, continually learn, and grow. Thrilled about the prospect of channeling my passion and expertise into an innovative and progressive organization.

EDUCATION

**Bachelor of Computer Science And Design,
Kongu Engineering College**
2021 – present | Perundurai
7.54 CGPA

HSC, Kalaikovil Vidhya Mandir Hr Sec School
2019 | Mulanur
83.85%

SSLC, Kalaikovil Vidhya Mandir Hr Sec School
2021 | Mulanur
73.6%

SKILLS

User Interface Design

User Research and Testing

Wireframing and Prototyping

C

Python

Web Development
(HTML/CSS/JS)

Java

PHP

Git

INTERNSHIP

UI / UX Tester

September 2023 – present
Banao Technologies, Bengaluru

CERTIFICATIONS

Git, Kongu Engineering College

Privacy And Security In Online Social Media,
NPTEL Swayam

Unreal Engine, Epic Games

PROJECTS

Laptop Customization

Developed a web application named "Laptop Customization" using **HTML**, **CSS**, and **PHP** for seamless database connectivity. The project allows users to customize laptop specifications, offering a dynamic platform.

Technology to Assist Children with Autism

Contributed to a **Figma** design project focused on creating an app for monitoring and supporting children with autism. The app connects to smartwatches, providing real-time tracking of vital signs and location.

KEC-Forum

Created a **Figma** project serving as a digital hub for students, alumni, and faculty to connect, collaborate and community engagement.

PERSONAL SKILLS

- Design Thinking
- Time Management
- Teamwork
- Communication
